

of Conformity

No. SMA 512178

Issued to:

Eagle Alloy, Inc.
5142 Evanston Avenue
Muskegon
Michigan
49442
USA

In respect of:

Manufacture of steel castings for industrial and transportation applications and including the certification of materials under ASTM; A351, A352, A216, A217, A487, A743, A744, A890 and A995.

This is to declare that BSI has performed a specific materials assessment in connection with the quality management system of the above named company and has established that the requirements of annex I, section 3.1 and 4.3 of the Pressure Equipment Directive 97/23/EC are met for the above activities (see page 2 for exclusions).

This declaration is valid under the conditions of continued maintenance of the quality management system in accordance with the requirements of the above mentioned directive.

For and on behalf of the British Standards Institution.

David Ford, Director, Healthcare and Testing Services
