RE: Conflict Minerals and Supply Chain Due Diligence

Dear Customer,

Eagle Group values its reputation as a high quality, responsible supplier of steel castings that does business with companies that share our commitment to ethical business practices and compliance with the law.

We share your commitment to avoid contributing to human rights violations in the DRC or anywhere else in the world and are sending you this letter to address possible concerns that you may have about complying with the SEC's regulations on "conflict minerals".

Eagle Group does not use or purchase any "conflict minerals" to include Cassiterite, Coltan, Tungsten, Tantalum, Tin, Wolframite and Gold from the DRC area.

If you have further questions concerning "conflict minerals" due diligence, please feel free to contact:

Nic Tarzwell  
Quality Control Manager  
231-788-7009  
ntarzwell@eaglealloy.com

Sincerely,

Mark Fazakerley  
President

John Workman  
Vice President
